Dear Parent/Guardian,

Arbor Park School District #145 and our Board of Education are excited to open registration for the 2017/18 school year. We will once again register all of our new and returning students using our online student registration/data validation system, powered by InfoSnap.

The system is a secure and green process, which allows the district to verify all student demographic, emergency and medical information for your student prior to the start of the new school year. The system will also allow you to electronically sign the annual permission forms for school district policies.

If you have returning student(s), you will receive a letter from Arbor Park School District #145 with instructions on how to access the system. If you have more than one (1) student, you will receive a letter for EACH student. The letter will contain a link/instructions and a secure "snapcode" that will allow you to enter InfoSnap. When in InfoSnap, we ask that you verify all of your family contact information along with any necessary updates for your student(s). Once you verify your family and student information, please be sure to complete the process on-line and provide the District Office with any forms that may apply to your household.

Please be aware that InfoSnap is a registration system only. All on-line payments must be made through Illinois E-Pay, which is identified as an external link once you complete the on-line registration.

If you have a returning student and did not receive a "snapcode" letter or have any other questions, please contact the District Office at 708-687-8040 and ask for the Registrar.

Thank you for your time and consideration in advance!

Sincerely,

Assistant Superintendent of Finance/CSBO
